EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Una L Lauricia on June 22, 2007. The examiner notes that the prefatory language added to the new limitation which was agreed upon merely introduces the new limitation, and is equivalent to that of the existing limitation which it complements.

The application has been amended as follows:

In claim 23, the last line, following "means", there has been inserted --; and, pressing a button on the operator interface; transmitting information to the central processing unit; processing information received from the operator interface through the central processing unit; and, turning on a heating means, wherein the operation of the heating means is independent of the status of another heating means---.

The following is an examiner's statement of reasons for allowance: the prior art neither discloses nor suggests, in combination with the other limitations in the independent claims, an oven range comprising at least one range-top heater and two range-chamber heaters, one of the heaters heater operating on a duty cycle, an electronic control means with a single central processor operatively connected to all of the heaters, wherein the control means operates the heaters both independently of each other and dependently on each other.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph M. Pelham whose telephone number is 571-272-4786. The examiner can normally be reached on M-F 8:30 AM to 5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tu Hoang can be reached on 571-272-4780. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
